Honeywell BW™ MicroClip Series

Multi-gas detectors

Small size. Easy to use. Reliable operation. Affordable protection.

With that combination of benefits, it's no wonder the Honeywell BW™ MicroClip is the world's most popular multi-gas detector, serving as your trusted companion in hazardous environments — keeping you safe without weighing you down. Plus, it's the first multi-gas detector with a rating of IP68 for unmatched water protection — up to 45 minutes at a depth of 1.2m. So you can be confident it will stand up to challenging conditions.

Choose from two detectors, both with extended 18-hour battery runtime, one-button operation and Honeywell's rigorous approach to quality:

Honeywell BW™ MicroClip XL: low up-front cost with a two-year warranty.
