

GENERAL PURPOSE CONTAINMENT PILLOWS

Description

- > Absorb high-volume leaks and spills of oils, coolants, solvents or water.
- > Easy to place in hard-to-reach areas — use under machines and leaky hydraulic hoses or wedge in corners cramped for space.
- > Pulls liquids from the floor like a sock, catches leaks like a pan, and absorbs spills like a pad.
- > Large surface area speeds the absorption process and shortens overall response time.

Note: Ideal for use with battery acid but not compatible with higher concentrations of sulfuric acid
