

OIL / FUEL EMERGENCY SPILL KIT

20L | 40L

FEATURES & BENIFITS :

These kits are suitable for hydrocarbon spills for example oil, diesel, petrol, methyls and heavy metals
These kits contain product suitable for efficient containment of spills.
There is a range of sizes to suit varying levels of risk and type of contaminant.

Most kits contain the following tools to aid the user: clean-up bags, basic personal protection equipment, gloves, basic instructions. Unlike some of our competitors, we have measured the absorption of the products in each kit to ensure they will absorb up to the number of liters indicated on the kit, not the volume of the kit container.
