Product Name	FIRECOVER Carbon	Model Name	FCCA-0609
Manufacturer	GuardK Co., Ltd.	Country of Manufacture	Republic of Korea
Application	A smothering fire blanket designed to prevent the spread of vehicle (EV) fires and to block secondary damage caused by fire.		

Product Photo

Specifications & Performance	Specifications	① Material Carbon fiber yarn with fire-resistant silicone coating Storage bag (Odor-controlled, waterproof fabric – made in Korea) ② Dimensions 6 x 9M (custom sizes available) ③ Weight 18kg ± 5%(excluding storage bag) ④ Thickness Minimum 0.5mm ± 10% ⑤ Reusability Repairable and eligible for A/S for damaged areas. ⑥ Heat Resistance Normal operating temperature: 1,000–1,400°C (test report available) Maximum heat resistance working temperature (within 5 minutes) : 1,800°C ⑦ Tear Resistance Tear Strength 239N (approximately 16 times the standard recommended for high-strength tents)
	Performance	① Recommended for use in preventing the spread of fire and toxic gases ② The material has excellent heat resistance

- Remarks
- Potential manifestation of fiber material characteristics
 - Storage at room temperature required
 - Conductive properties of the material
