Product Name	FIRECOVER EV	Model Name	FCEV-0609
Manufacturer	GuardK Co., Ltd.	Country of Manufacture	Republic of Korea
Application	A smothering fire blanket designed to prevent the spread of vehicle (EV) fires and to block secondary damage caused by fire.		

Product Photo

Specifications & Performance	Specifications	① Material Inorganic fiber (E-GLASS) coated with fire-resistant silicone using non-combustible organic solvents Storage bag (Odor-controlled, waterproof fabric - made in Korea) ② Dimensions 6 x 9M (custom sizes available) ③ Weight 28kg $\pm$ 5%(excluding storage bag) - Subject to change depending on custom size ④ Thickness Minimum 0.45 mm $\pm$ 10% ⑤ Reusability Reusable; however, repairs are not supported due to the inherent properties of inorganic fibers ⑥ Heat Resistance Operating temperature over 1,000°C 1) Heat Resistance Test: 1 hour at 1,000°C (test report available) 2) Flame Retardancy: Afterflame / Afterglow time: 0 seconds Complies with flame retardancy standards under Article 6 of the National Fire Agency Notice No. 2021-7.
	Performance	① Blocks toxic gases from vehicle (EV) fires and prevents fire spread. ② Excellent heat resistance of the material.

Remarks

The inherent characteristics of inorganic fibers may manifest; therefore, storage at room temperature is recommended.

⚠ Hazardous substances(silicon dioxide, aluminum oxide) regulated under the Occupational Safety and Health Act
